

## **PLUMBING APPRENTICESHIP**

Help us achieve our ratio goal!

***Are you the type of person that likes to push the boundaries and think outside the square?***

***Are you resilient, tenacious, driven and passionate about succeeding in a plumbing apprenticeship?***

***Are you the type of person who focuses on the bigger picture?***

Reliable Plumbing Services are looking to change the trades industry. We see a future where the trades industry is 50/50. We also see a future where females are not a minority in non-traditional trades, but instead, are leading these industries into the future. At Reliable Plumbing Services, we are looking for role models to join us so that the next generation of females looking to pursue a career in plumbing or irrigation can look up and see powerful and skilled women excelling in these industries. This in turn will encourage the younger generation, so they can see the plumbing and irrigation trades as viable, exciting and accomplishable career paths, as many already have.

We are seeking those with the same beliefs, drive and passion to come along on the journey with us.

**Are you ready?**

Reliable Plumbing Services is the No 1 plumbing supplier in the tertiary education sector where we support the ongoing preventative, reactive and facilities maintenance within universities around the state.

We have an enviable reputation within our prestigious client base as being reliable and trustworthy. Our customers continue to use us year after year, due to our customer service and ability to go the extra mile and to do the job right the first time.

We currently have openings for an apprentice (and registered) plumber.

Our vision is to find someone who is passionate, highly motivated and self-driven. Applicants will be well presented, driven professionals looking to progress their career in the plumbing industry with long-term job prospects.

We offer a role with plenty of scope for learning and advancement in a dynamic and challenging environment, good conditions and a strong team culture in a passionate & innovative company - not often seen in the plumbing industry.

Having trained a former 'Victorian Apprentice of the Year', 'Rose Curtis' and other award winners, we have high expectations and pride ourselves on training and nurturing talented individuals.

**To be a successful candidate for apprenticeship opportunities you will require:**

- Current drivers' licence
- Successful applicants may be subject to a Police Record Check and a Working with Children Check (we can guide you on how to obtain these checks)

If you think you have the qualities we are looking for, and would like to be part of our award-winning team, then email your Cover Letter and CV to:
