

Trainee Pest Management Technician

We are offering a great career opportunity for the right candidate to join our team and be integral towards the expansion of the business.

Looking to employ an **energetic, well presented, astute** Trainee Pest Management Technician – Full Time or Permanent Part-Time.

- Attractive salary package above award rate.
- Rare opportunity to take ownership of the business in future.
- Ongoing training provided to support your career.

About us:

Civil Pest Management is an ethically focused family-owned company that provides specialist pest management services both in the commercial and domestic sectors. We are not your normal run-of-the-mill pest company and our unique service offerings have made the company highly sought-after, particularly by the hospitality industry.

We are Different: We strive to set industry benchmarks, highly respected, trusted and professional. Superior industry knowledge and unrivalled expertise in the food industry is our difference!

Benefits:

- Attractive salary package above award rate.
- All training provided and paid for by us to become qualified.
- Commission incentives upon achieving set targets
- We are an equal opportunity employer
- Close-knit team like a family.

Tasks & responsibilities:

- Undertake pest management treatments
- Prepare pest management reports
- Termite inspections and implement management plans
- Pro-active in the ongoing development of industry knowledge
- Manage, maintain and build upon client relationships
- Agile and not afraid to crawl through small spaces

Our office is in Mortdale, Sydney. Candidates applying would reside within short travelling distance of our office.
