

Development Opportunity – Maintenance Planner

JOB REF:AMM/AN371765

- **Are you looking for an exciting opportunity to utilise your trade background?**
- **Learn new skills in a supportive and dynamic team that will invest in your development**
- **Locally based in the Kwinana Industrial Area, south of Perth**
- **Permanent full time role working Monday – Friday, open to flexible working**

Part of Wesfarmers Chemicals, Energy & Fertilisers, our Ammonia/Ammonium Nitrate businesses manufacture and supply ammonia, ammonium nitrate and industrial chemicals to the Western Australian mining and resource sector.

We believe our business is only as good as our people and respect that different people have different ways of looking at things that's why we pride ourselves on our values-led culture where your contribution matters. Our customer focus and teamwork drives our business forward to innovate for a sustainable future.

About the role

Do you hold a current Electrical trade qualification/license, or are you working towards achieving an Electrical qualification? Are you looking for the opportunity to transition into your first Maintenance Planner role? If so, we want to hear from you! We are looking for a proactive team member who is ready to take the next step in their career.

A rare development opportunity exists for an enthusiastic and passionate individual to join our high performing Ammonia/AN team. You will spend time in different areas of the facility and learn the ropes from our diverse and experienced teams, including Operators, Engineers, Planners and Tradespeople. In this hands on role, you will learn how to scope, resource and schedule electrical maintenance of plans and equipment.

As a development opportunity, you are not required to have relevant work experience and will receive on the job training to ensure you have all the necessary skills to perform your role safely and successfully.

Do you have the following skills and experience?

- Electrical trade qualification, or progress towards obtaining one.
- Be passionate and committed to your safety, and the safety of others in all practices.
- Great written and verbal communication skills.
- A strong work ethic and positive outlook.
- The ability to work well in a face paced team environment.
- An improvement focus that you apply to learning new skills and solving problems.
- Ability to build and establish positive working relationships.

We value our employees by offering:

- competitive remuneration including allocation of Wesfarmers shares and participation in our annual incentive plan
- employer parental leave payment up to 16 weeks
- ongoing professional development and career opportunities across our diverse businesses and the Wesfarmers Group
- salary sacrifice opportunities, including novated lease vehicle packaging
- access to a range of employee benefits across WesCEF and Wesfarmers

We welcome people with different skills, and life experiences and encourage individuals from diverse backgrounds to apply.

We pride ourselves on developing and supporting people and recognise the importance of flexibility. When you apply, please let us know if you are seeking a flexible employment arrangement.

Applications close: 5pm Wednesday, 21 October 2020

We reserve the right to commence the recruitment process prior to the closing date. It is recommended to apply as soon as possible.
