

ELECTRICIAN – BRISBANE BASED

Downer Group employs approximately 50,000 people across more than 300 sites, primarily in Australia and New Zealand. Downer designs, builds and sustains assets, infrastructure and facilities and we are the leading provider of integrated services.

As part of the Downer Group, Spotless have an opportunity for a self-motivated, reliable Electrician to join our highly successful and collaborative team based in South Brisbane. The Facilities & Asset Services Business provides integrated solutions across service and facilities maintenance and projects and has built a reputation on excellence. We're passionate about finding better ways of doing things for our customers, and for you. Find out more at www.spotless.com.au

The Role

We currently have an opportunity for a self-motivated, reliable Electrician.

The purpose of the Electrician position includes (but is not limited to) the delivery of electrical installation and maintenance services to the TAFE Queensland Southbank campus, plant and equipment, and FF&E components, completing all duties in a safe and efficient manner with the ability to meet performance expectations of both Spotless and TAFE. All work must be performed and completed in accordance with legislation and best industry practice and provide the best possible outcomes for both Spotless and the client.

As a licensed Electrician you will also be required to provide support and expertise to the Maintenance Team Leader and Building Services Manager in relation to the safe management and implementation of electrical works onsite, in line with company standards.

The Electrician requires experience / knowledge in:

- Demonstrated experience in relevant trade area – commercial
- Knowledge of Emergency Light Systems (Nexus) desirable
- Knowledge of Building Management Systems (BMS)
- Knowledge of Uninterrupted Power Supplies (UPS)
- Proven experience communicating to employees at all levels, customers and suppliers
- Previous experience within a facilities management environment desirable
- Experience working with commercial appliances and apparatus

Skills and Experience

- Current Queensland Fitter Mechanic Electrical Work Licence
- Current Open Driver's Licence
- Current First Aid & CPR Certificate
- Elevated Work Platform license desirable
- Confined spaces certificate desirable
- Positive Notice Blue Card for Child Related Employment (or willingness to obtain)
- Current knowledge of work health and safety and risk management principles and practices
- Knowledge of current industry standards relevant to trades services operations
- Highly developed customer service skills – prioritises the needs of customers and acts with customers in mind.
- Demonstrated commitment to principles of service quality improvement, continuous improvement and organisational development
- Ability to comprehend written and verbal communication, follow policies, procedures and instructions

- Ability to work as part of a team and individually by developing good working relationships with team members and enjoys the company of others.
- Ability to prioritise tasks and work under pressure
- Knowledge and use of personal protective equipment required safety.
- Previous experience to lead and work as part of a team by developing good working relationships with team members and enjoys the company of others.
- Good written and oral communication skills

This position requires working unsupervised, and as part of a team, to deliver a high quality trades service. It involves managing conflicting demands and deadlines through prioritisation, with high attention to detail whilst maintaining a strong customer focus. The Electrician position requires an individual with the willingness to work flexible hours and the ability to manage their own time in order to meet deadlines.

The role is 'hands on' and requires the incumbent to perform various physical activities and manual tasks including (but not limited to) lifting, lowering, walking, bending, squatting and standing for extended periods, and using hand or power equipment.

Important with the context of this position is the requirement for the team member to perform other duties including trade, grounds and waste disposal as may be required to ensure all mandated services are delivered as per the scope of the contract.

Benefits and Culture

- Supportive and inclusive culture focused on innovative service delivery
- A professional and safe working environment
- Access to employee benefits and entitlements
- An Employee Assistance Program (EAP) that is available to employees and their family
- Emphasis on learning and development

This is a great opportunity to join a reputable company, and work with a professional team where you will be given the opportunity to develop your career.

To apply please Email CV and Cover Letter to deann.togyer@spotless.com.au
