Kleenheat has been providing energy solutions to homes and businesses across Western Australia and the Northern Territory for more than 60 years.

We're committed to delivering energy for today's customers and tomorrow's opportunities, with a focus on safe and reliable products and helpful customer service.

We pride ourselves on our values of safety, accountability, integrity, collaboration, and customer focus – with an understanding that our success is underpinned by our people.

### **About the role:**

Right now we're on the lookout for a Heavy Vehicle Transport Mechanic to support our Maintenance team at our Kwinana Workshop. As the newest member of our safety focussed Kleenheat team, you'll be responsible for maintaining, repairing and servicing our LNG and LPG trailing fleet, ensuring repairs meet company standards and are carried out in accordance with the vehicle manufacturer's specifications.

### **Key responsibilities include:**

- Liaise with our Fleet Maintenance Planning Team to carry out maintenance and repairs to the fleet vehicles.
- Carry out trailer scheduled servicing, maintenance and inspections
- Attend to roadside breakdowns.
- Faults diagnosis.
- Complete and maintain fleet paperwork on servicing, maintenance and repairs.
- Ensuring safety remains priority number one.

### **To excel in the role you'll need the right mix of skills and experience, which for this position means:**

- Trade qualification with a strong transport background, and previous experience in a similar role (highly regarded).
- Experience and knowledge in service and maintenance of Heavy Goods Vehicles/Semi Trailers.
- High attention to detail, a good work ethic and dedication.
- Excellent written and verbal communication skills.
- The ability to work and be part of a positive team and work unsupervised.
- Understanding of safe work practices.
- Experience with hydraulics highly regarded.
