- Operate and adjust metalworking machines
- Create parts or tools by turning, boring, milling, shaping, slotting, grinding or drilling metal stock or components.
- Weld components, cut, thread, bend, and assembly.
- Set up and/or operate hand and machine tools and welding equipment
- Ensure accuracy and quality of finished parts, tools or sub-assemblies

### About you

- You enjoy problem solving and putting solutions into practice
- You communicate effectively with others.
- You enjoy learning new skills and willingness to follow instructions.
- You have a positive approach to workplace safety.
- You solve challenges as they arise.
- You demonstrate initiative and be motivated in the workplace.

### Benefits

- Training fees (TAFE) paid for
- A dedicated Field consultant to support you throughout your complete apprenticeship
- PPE provided throughout your apprenticeship including boots, uniform
- Ongoing training and guidance around Work Health & Safety
- Employment Assistance Program including access to specialised mentoring support.
- Added security of completing your course (Potential to rotate to other employers)

People enjoy working at this host company because it provides a very supportive learning environment, with professional staff and state of the art facilities.

## About Us

Ai Group Apprentice and Trainee Centre is a Group Training Organisation who employs apprentices and trainees then places them with Host Organisations. We provide support for all apprentices and trainees by way of our mentoring program which fits in with a regular cycle of visiting in the workplace and training provider. We are there to assist and guide you through not only the apprenticeship/traineeship but where necessary provide support and assistance to allow you to successfully complete your work and training commitments and gain your qualification.

Employees of Ai Group ATC are always expected to uphold the values of integrity, honesty and excellence and must exhibit a strong work ethic. All employees are expected to be effective at time management, enjoy working within a team environment and possess a sincere interest for their chosen trade.

This apprenticeship is a Skills Shortage Trade. Ai Group Apprentice & Trainee Centre are an equal opportunity employer, we encourage applicants from a diverse range of backgrounds to apply.

Please include a resume and covering letter detailing what you can bring to this position.
