

Regional Distribution Operator

- **Fast paced role supporting our business through the peak seasonal period**
- **Rare opportunity for you to join a market leader**
- **Structured training and support offered in a hardworking, supportive team culture**
- **Fixed term role (approximately 6 months) based in Geraldton, Bunbury, Albany and Esperance**

The Role:

We are seeking Regional Distribution Operators to join our Fertiliser Operations Team through our busy season.

Our customers are primarily farmers, transport companies and agents who provide fertilisers to the WA agricultural sector. You will play a key role in ensuring that the customers who visit our Geraldton, Bunbury, Albany or Esperance sites to collect fertiliser receive quality product, on time.

Working as part of an encouraging and experienced team, you will be dedicated to the safe operation and maintenance of plant and equipment within specified guidelines. This includes ensuring that the storage areas are well maintained, and plant machinery runs efficiently. Duties may include operating front end loaders and forklifts in the movement of fertiliser products, as well as control room activities.

CSBP employees look after each other to meet daily goals and look for ways to improve the business. You will receive structured training and support and be a key player in a business that continuously strives to better meet customer needs. Discover how Crystal, Product Despatch Operator, demonstrates customer focus every day in this short video: <https://youtu.be/zLjcmgG5bS8>

Your key responsibilities will include:

- Carrying out all despatch/storage duties as required according to environmental policies and procedures whilst prioritising safety for self and others in all practices.
- Assisting in ensuring quality products are available when required.
- Keeping plant, equipment, and incident history up to date via the appropriate computer-based management systems.
- Managing plant breakdowns and implementing alternatives to avoid customer delays.
- Communicating on a regular basis with your Supervisor to ensure products and resources are available to meet customer demands.
- Consistently promoting and maintaining high levels of customer service.

Do you have a mix of the following skills & experience?

- Able to carry out duties in accordance with documented procedures and an understanding of permitting systems.
- Satisfactory completion of Year 10 or equivalent; computer literate and open to utilising and learning new technology.
- Can-do attitude, self-motivated and able to work without supervision and contribute to a strong team culture.
- Commitment to your own safety and the safety of others and knowledge of safe work methods and practices.
- Clear communication skills, both written and oral.
- Ability to problem solve.
- Prior experience operating mobile and fixed plant is not essential but may be highly regarded.
- As part of our recruitment process we require all candidates to undertake a pre-employment medical including a Drug & Alcohol test, and provide evidence of full covid vaccination.

Our team are rostered in line with the demands of our busy season, with shifts rostered between February and August 2022. This role requires you to provide some flexibility with working hours and the ability to work additional hours including weekends.

We welcome people with different skills, and life experiences and encourage individuals from diverse backgrounds to apply.

We pride ourselves on developing and supporting people and recognise the importance of flexibility. When you apply, please let us know if you are seeking a flexible employment arrangement.

Please note you are required to be fully vaccinated against COVID-19 in order to commence in this role.

Applications close: 10pm AWST on Wednesday, 15 December 2021.
